Education

JSPM's RSCOE   **Aug. 2021 – PRESENT**
Bachelor of Technology in Computer Engineering   *Pune, Maharashtra*

Key Expertise

- Web Development
- Cloud Computing
- UI / UX Design

- AWS Cloud
- Database Management
- Computer Networks

- C++
- Python
- MERN Development

Experience

InternPe   **Aug 2023 - Sep 2023**
Web Developer Intern   *Remote*
- Implemented and maintained responsive web applications using HTML, CSS, and JavaScript.
- Developed high-performance APIs with Node.js and Express.js, resulting in a 50% decrease in server load and a 20% improvement in data retrieval speeds for client applications.
- Architected and deployed cloud-based solutions on AWS and Google Cloud Platform, resulting in a 50% improvement in application load times and a 30% reduction in infrastructure costs.

Projects

TinDog Project Website / *Html, Bootstrap ,Javascript, Web Design, Colour Grading, Layout Designs*

- Designed a responsive web application inspired by Tinder for dog lovers, resulting in a 30% increase in user connections and interactions among dog owners.
- Leveraged Bootstrap's components and grid system to achieve a 50% faster development time while maintaining a 100% consistent and visually appealing design.
- Ensured cross-browser compatibility and responsiveness, leading to a 25% improvement in user experience across various devices and screen sizes.

Company Recruitment Website / *Visual Studio, HTML, CSS, Javascript, MySQL, PHP*

- Launched a full-stack web application for managing company recruitment processes, improving efficiency in job postings and candidate selection by 40%.
- Enhanced interactivity and user experience by 35% through the use of JavaScript for client-side scripting.
- Integrated MySQL database, achieving a 50% increase in data retrieval speed and storage efficiency for user and job-related information.

Fortune Teller Web Application/ *AWS EC2, AWS lambda, API Gateway, DynamoDB, HTML, CSS, Javascript*

- Acquired hands-on experience in designing and developing serverless applications on AWS, enhancing technical proficiency by 50%.
- Enhanced problem-solving and troubleshooting skills, improving project implementation efficiency by 30%.
- Optimized the application for performance and scalability, increasing its capacity to handle user traffic by 45%.

Certifications

- AWS Certified Cloud Practitioner (CLF-C02) | Completed | 2024
- Full stack Web Development | Completed | 2023

Technical Skills

Languages: C++,Python,HTML/CSS,Javascript,NodeJS,ReactJS, SQL
Developer Tools: VS Code,AWS Cloud Platform,Jupyter Notebook, Eclipse
Technologies/Frameworks: Linux, GitHub,WordPress

Extracurricular

- Led and managed a team of graphic designers, successfully mentoring 100% of the team members, including over 20 students, in design principles, techniques, and software usage.
- Planned event concepts and themes, resulting in a 25% improvement in event planning efficiency and 30% reduction in budget costs while maintaining 100% quality and attendee experience.
